* If we determine this file to be an interim construction loan, we will charge 2 points. If they were not initially disclosed, you the broker would have to pay this fee. Be safe, not sorry, over disclose. If we waive them there will be no charge, if we don't, then we would be forced to not accept the loan application or you would be responsible for the charges. Over Disclose please.

** We don't require title policies unless the 2nd lien is \$100K plus. The premium is based on loan amount, so please check with your title company for the premium. If your title company charges an escrow fee, make sure you include this fee in the title charges. Be Safe, Not Sorry. Over Disclose.
